Kartik Jangid

Product designer & design engineer

Jaipur, Rajasthan | jangidkartik002@gmail.com

LinkedIn | GitHub

I turn early-stage ideas into useful products, from the first flow to the shipped interface. My work spans AI-assisted SaaS, native mobile experiences, and design systems.

Experience

Product designer | Autodeus Technologies (Smartify)

Dec 2024 - Present | Ahmedabad

Product design and implementation for Reepl, an AI LinkedIn platform. Work spans onboarding, mobile publishing, and relationship management.

- Designed goal-based onboarding that demonstrates product value before plan selection.
- Designed and built Reepl's native mobile review-and-publish workflow with React Native and Expo.
- Designed relationship-management flows covering saved contacts, context, and follow-up.

UI/UX design intern | RoomsVital

Feb 2024 - July 2024 | Jalandhar

IoT app for LEDs, locks, and switches. Wireframes, prototypes, control panels. Atomic design system, tested with hardware engineers.

UX design intern | Tutedude

Oct 2023 - Feb 2024 | Gurugram

Heuristic evals on ed-tech. Reworked navigation and IA. Mentored juniors on Figma and prototyping.

Skills

Product design: Interaction design, information architecture, wireframing, prototyping, usability testing, and design systems.

Design engineering: React, TypeScript, React Native, Expo, reusable components, and implementation review.

Ways of working: Figma, FigJam, cross-functional collaboration, and AI-assisted implementation with human review.

Education

Bachelor's in Computer Science | 2025

University of Engineering & Management, Jaipur
